

## 2015 Graduate Class Gift Program: A tradition of giving back

The Graduate Class Gift Program recognizes the generosity of graduating students at the associate, bachelor, master's and doctoral levels as they give back to the University in support of current and future students. The mission of this long-standing tradition is to provide students an opportunity to start their legacy of giving to the University. This gift is one way students can demonstrate their pride in becoming a River graduate and recognize their transition from student to a member of the University's Alumni Association.

The Graduate Class Gift Program is comprised of:

### Senior Class Challenge

The Senior Class Challenge program is designed for the graduating senior class of undergraduate students and is designed to create a philanthropic spirit among students. Seniors are asked to make a gift of \$20.15 in honor of their graduation year.

### Professional Studies, Graduate, and Doctoral Students

The University's graduate class giving program for adult learners provides an opportunity for working professionals to make their first gift to the University or for those earning an additional degree to continue their support in honor of their most recent degree.

### Recognizing a united spirit!

In honor of your support of the Graduate Class Gift program, you will receive a gold recognition cord to wear at Commencement in May. The cord symbolizes the united spirit of the graduating class and is a sign of your collective appreciation of your Rivier experience.
