## RIVIER UNIVERSITY PRESIDENT'S CIRCLE

### Giving back to the business community

The President's Circle brings business leaders to the Rivier campus for engaging events with dynamic speakers. The University strives to find opportunities to partner with business leaders to accomplish their organization's objectives. The University welcomes opportunities to partner with local businesses and here are a few examples of the services we can provide:

- Rivier students value hands-on experience and serve as interns in a variety of settings. The Office of University Advancement and Alumni Relations can connect business leaders with the University's Career Development Center to find the right intern to meet your needs.
- Our faculty seek real-world learning opportunities for their students and enjoy opportunities to partner with the business community. Students have developed marketing and advertising plans, performed quality audits, and offered new perspectives for a variety of other projects.

- Rivier provides an ideal venue for conferences, workshops, and other special events throughout the year. Sodexo, the University's dining services partner, provides on-campus catering and event planning to make your next event a success.

### Created and led by business leaders

The Rivier University President's Circle is designed to meet the needs of business leaders. To accomplish this goal, the University brought together a dedicated group of Presidents, CEOs, and business leaders to create and launch this initiative. Members of the President's Circle Steering Committee come from a variety of industries and companies of all sizes.

### Rivier's alumni network

Rivier University has thousands of alumni throughout the region and around the world. They hold leadership positions in the public and private sectors at corporations, hospitals and medical centers, schools and institutions of higher-educations, non-profit and government agencies, and more.

### Consider yourself a part of Rivier's inner circle!

*"I began my relationship with the Rivier University President's Circle as a participant at several events. I was so impressed by the professionalism and topics so relative to today's business issues that I have since joined as a member of the Circle's Steering Committee. The President's Circle continues to bring top leaders from around the area together to discuss and solve some of the biggest challenges facing business today."*

*"The President's Circle provides high quality programs that bring business leaders to campus and provides them with relevant information about important issues. The program 'Good for Business, Good for the Environment' focused on sustainable business practices and was of particular interest to me, being in the printing industry. I was honored to join the Steering Committee and to help shape the future of this initiative."*
